CHAINS MONITOR

Q3+Q4 2022

The period under consideration is July – December 2022.

Listing may have changed in the period between
January 1st - February 6th.

Notice that the main purpose of this report is to monitor
the portfolio movements of the Hotel Chains operating in
Italy, thus properties which are operated by “white label”
operators are listed twice in order to map the latter and
the franchisor.
